# PCL CORPORATE HEADQUARTERS

spaces that work

## PROJECT SCOPE

New corporate headquarters for PCL located in Edmonton, Alberta. 3 floors of space with over 83 private offices and 10 boardrooms. Project included moveable walls, doors and main reception furnishings. Scope of project was complete specification, project management and installation.

Objective was to create a space that is consistent across all three floors, and could be re-configured to meet the needs of future growth. Frameless glass walls designed to allow unobstructed natural light while solid wood doors provide confidentiality and quiet workspace.

## DESIGN PARTNER

Dialog

## INSTALLATION PARTNER

Eurotech

Consistent, flexible and adaptable workspace designed to meet the needs of future growth.
